

# How to enrol to Terang iPad Apps Program – Receive School Apps for free.

In order to get the Apps provided by the school onto your iPad, the following steps need to be followed.

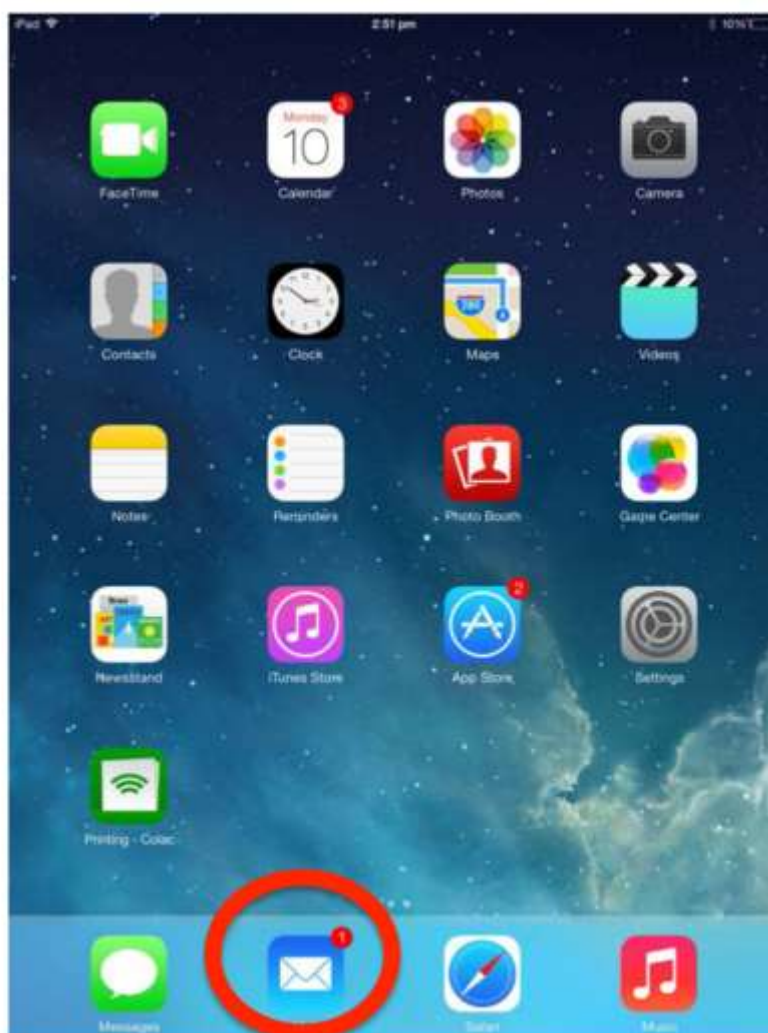

There are a few requirements before we can start the process so make sure you have done these beforehand.

## **REQUIREMENTS**

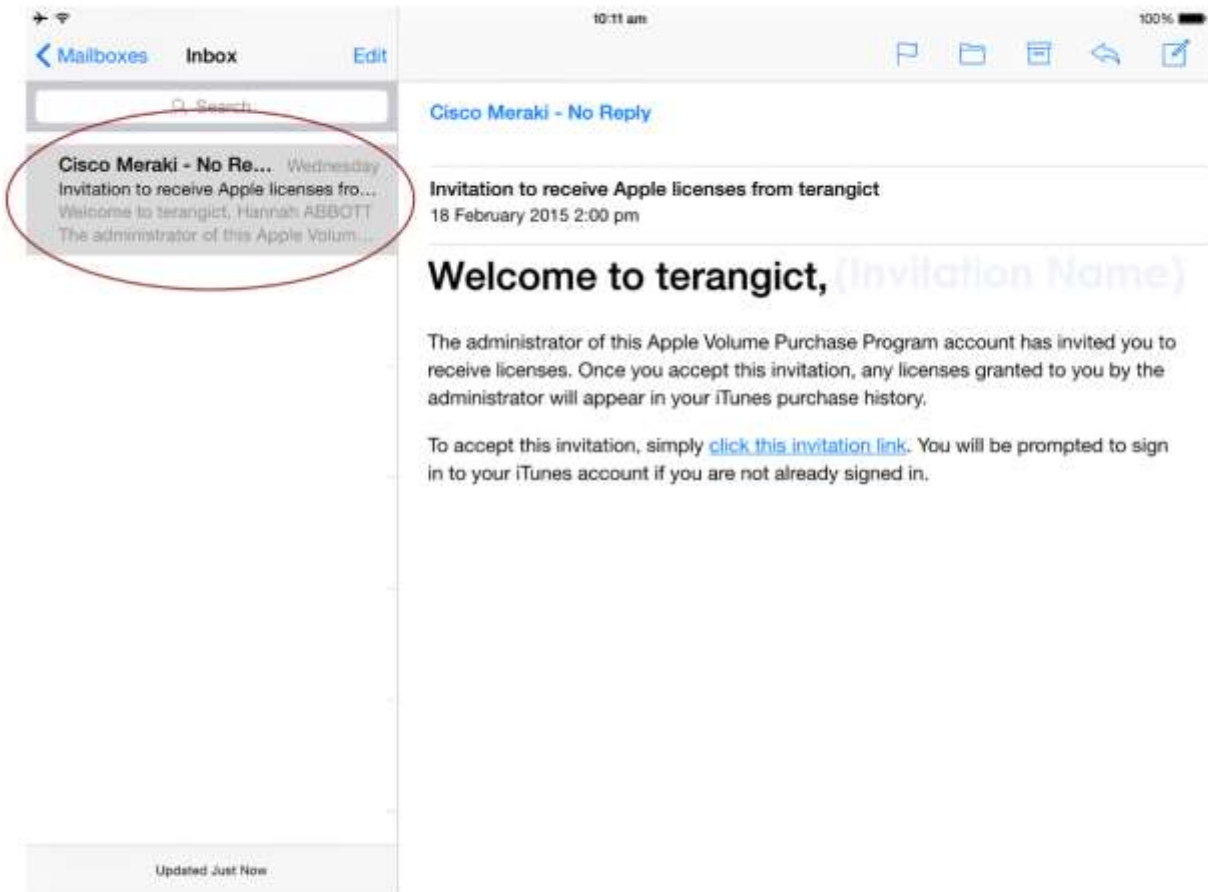

- \* Each student must have his or her school Gmail account activated (and preferably setup on their iPad)
- \* Each student must have an active Apple ID – (either personal or family based account)
- \* Instructions for setting up both are on our website under the extra curricular tab.

## **INSTRUCTIONS**

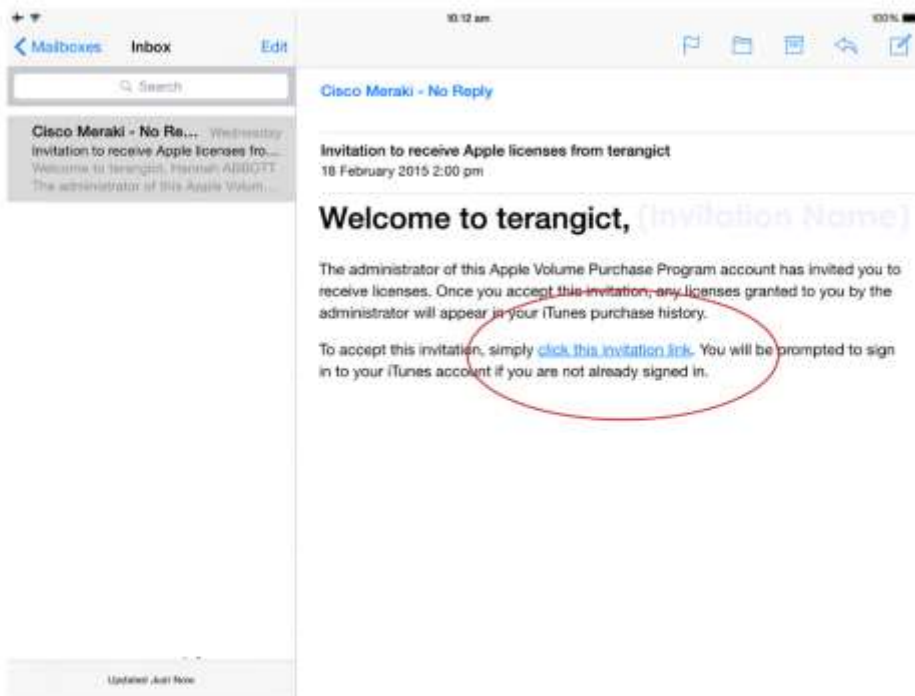

- 1- Go to the Mail app that is on your iPad and select your Gmail inbox.

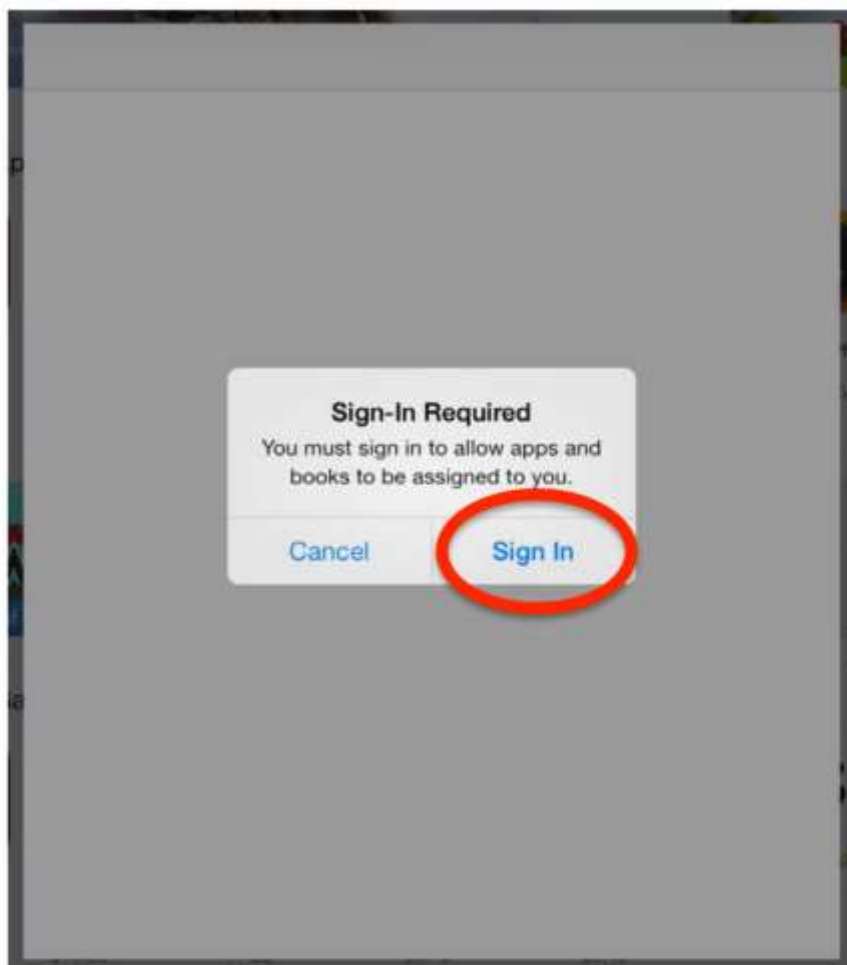

- 2- An email from Terang College will be in your school Gmail inbox.
  - Select it.

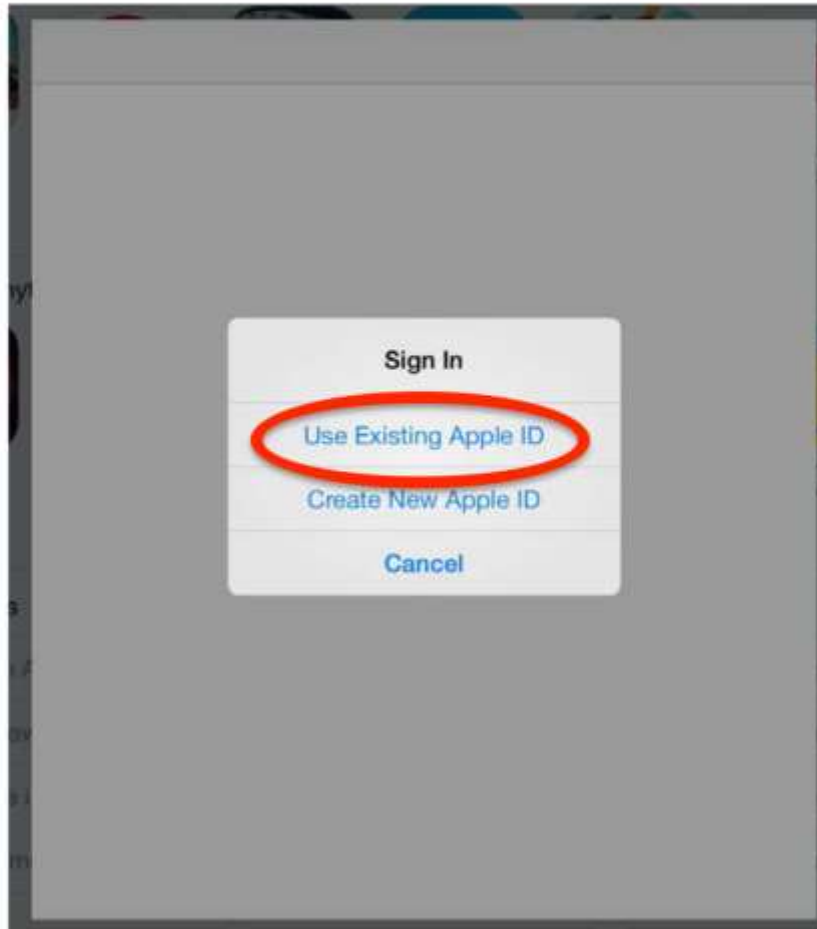

### 3- Once within the message – Click “Sign in”

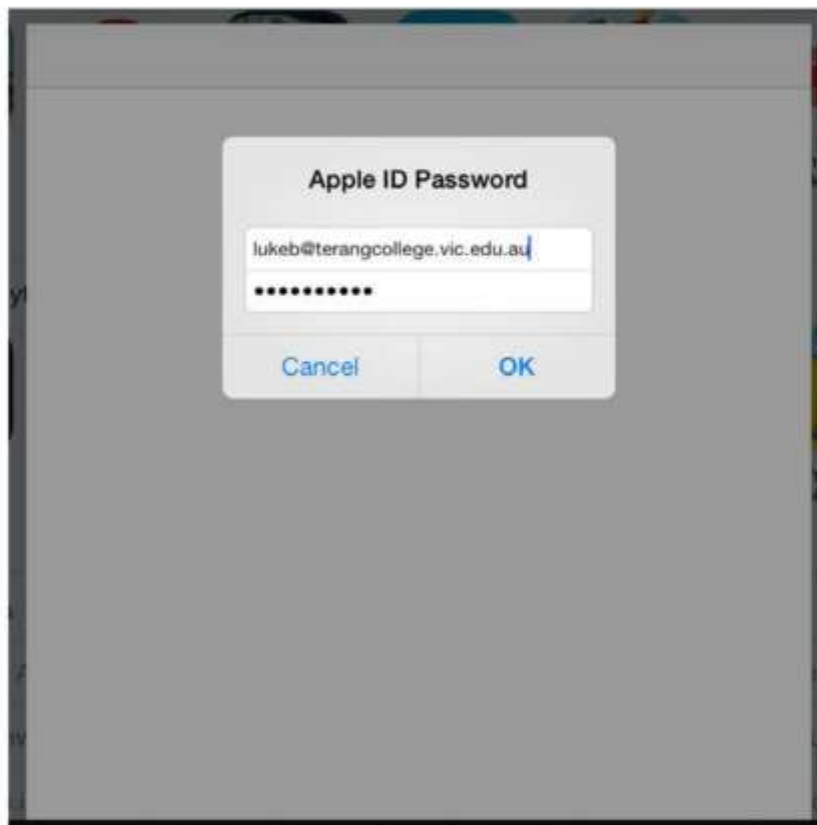

### 4- A message will appear asking you to sign in or cancel Click “Sign In”

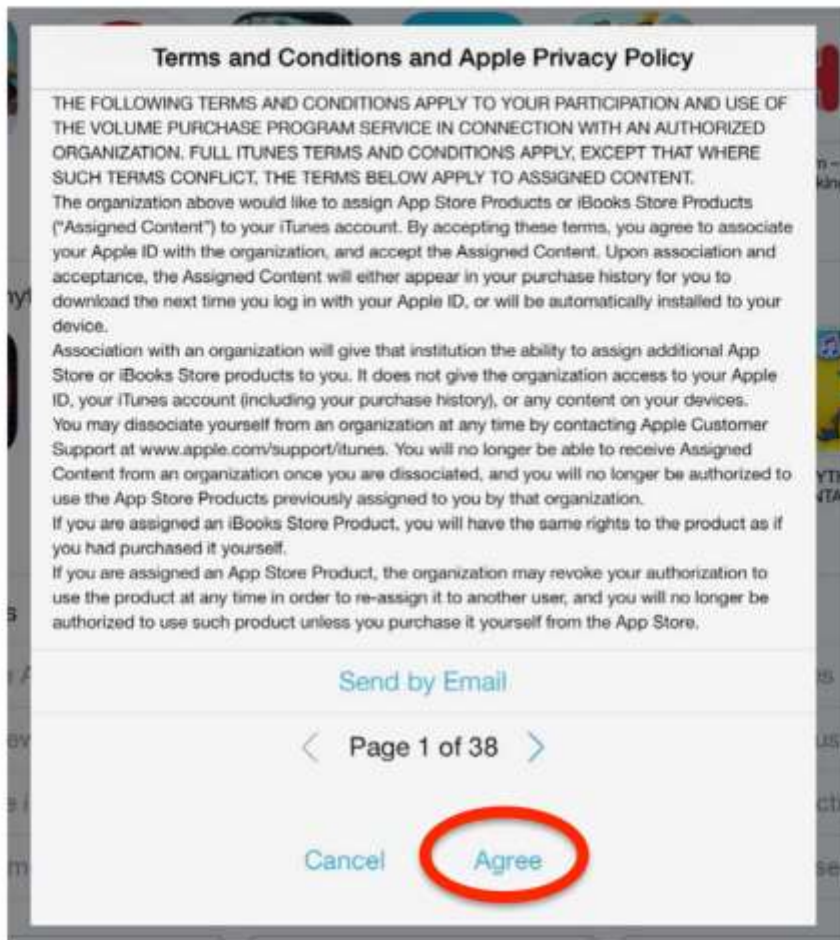

5- Another box will appear saying Sign In – we want to now select “Use Existing Apple ID”

6- Now we need to enter our Apple ID then click OK. This needs to be the ID that is going to be primarily

**7** – Once signed in you will need to accept the Terms and Conditions Agreement by scrolling to the bottom of the page and selecting Agree.

**8** – Once you've agreed, this last box will appear, you can click OK and the process on the device is done.

All that needs to be done now is to contact the IT Techs (Chris or Luke) and they will flag your name on their server. Then the apps will be assigned to you and will appear in your purchased tab in the App Store App for you to start downloading.
